

THE CLUB TRYOUT PROCESS

ATHLETES

TRYOUTS

FIRST STEPS

To participate in club volleyball, the first step is to sign up for a tryout. You can find tryout times and locations on a club's website or social media pages

RE-SIGN

WHO CAN RE-SIGN

Any athlete that has participated with a club, can ask the club to resign. The re-signing process begins on October 1st.

Clubs cannot ask you to re-sign! Athletes have to express interest to their club

OFFERS

WHAT'S NEXT?

After a tryout, some athletes will receive an offer from a club. You can accept this offer anytime you like! But you have 5 days to choose a club. After that time, clubs may choose to rescind your offer if you have not contacted them

I DIDN'T RECEIVE AN OFFER

It's ok! You can continue to tryout for teams! It may take some time for a club to extend an offer to everyone they would like to. It can take 5 days to a week after the tryout to receive an offer from a club.

I GOT AN OFFER, BUT WANT TO TRY OTHER CLUBS

Because you have 5 days to choose a club, you do not need to respond immediately. No club can pressure you to sign before the 5-day window ends! You should continue to try out until you find a club you like!!

I'VE ACCEPTED AN OFFER! WHAT NOW?

Once you respond to a club and accept their offer, you should immediately decline any other offers you have received

WHEN CAN I START PRACTICES?

While tryouts happen in the fall, club practices do not start until the new year. Sometimes it can take clubs 3-4 weeks to fill all available roster positions.
